E. P. PLAYS BUTTE FALLS TODAY

The first league baseball game is scheduled for this afternoon at Butte Falls. Parker will pitch with Taylor receiving.

The game with Medford Senior High scheduled for last Tuesday was postponed because of the stormy weather. It will be played in Medford next Tuesday.

CONCERT HERE TONIGHT

The combined orchestras of Eagle Point, Sams Valley, and Gold Hill under the direction of Mr. Millard will present the third in a series of concerts at the high school tonight. It will be given in connection with a play by the freshman class. The program which starts at eight promises to be varied and entertaining.

The last concert was given in Gold Hill on March 26. It included many interesting numbers by the orchestra and several special numbers. Mrs. Millard accompanied Joy Bushnell when she sang "Pale Moon" and Maxine Cook, who sang "Indian Love Call." Delmar Chapman played his guitar while he and another boy sang "El Rancho Grande" and "Play-nates."

DATE FOR OPERETTA SET CAST CHOSEN

The operetta, In Grand Old Switzerland, will be presented April 25, by the glee club under the direction of Miss Olson.

This is the second time that this operetta will be given by this high school. Two years ago when it was presented the lights went out at the end of the first act, making it necessary to finish the show by flashlight. Because the audience enjoyed the operetta so much and were disappointed in not being able to see the last act well, many have requested that it be repeated.

EDITORIAL

SENIORS ON YOUR TOES!

There are exactly ten weeks of school left in which you can get your book reports in. What about it? Are you going to receive a blank diploma?

It's perfectly silly to leave book reports until the last week of the school year when they should be the easiest and most enjoyable part of your work.

Make up your mind to get to work now.

SENIORS ATTEND CONFERENCE

(Cont. from page 1)

Meeting the rest of the morning. At 12:00 the conference was dismissed until 1:00 for lunch hour. The after session started with a speech on the afternoon meeting by Mr. Dennis McGuire of Gold Hill. During the afternoon session two kinds of meetings were held, one for students planning to attend college and one for those not attending college.

Speakers for those planning to attend college were Dr. Lemon, Dr. Pallett, and Dr. Woodell. Those not planning to attend college were spoken to by Dr. Poling, Mrs. Lillian Van Loon, and Mr. Walter Morse.

At 2:10 p.m. there were Institutional meetings. For Oregon State Dr. Lemon was the speaker, and Dr. Pallett for the University of Oregon. Dr. Woodell was the speaker for the Southern Oregon College of Education.

At 3:00 Dr. D. C. Poling gave a summary of the conference. He stated that the purpose of the conference was to help boys and girls to choose their life work so that they would be the kind of citizens, like Washington and Lincoln, who would continue to keep this country a free country.

IN WALKS DICK

Monday morning, one more new student entered the Eagle Point High School.

After walking by the office door many times the students found out that he had red hair, a good many freckles and his name was Richard or Dick Gilmore.

He moved here from Ventura, California, where he was attending Junior College. Most likely he thinks this is rather a small place but we all hope he like it.

SKATING PARTY IS SUCCESSFUL

The skating event of Tuesday, March 25, proved to be successful for both Jacksonville and Eagle Point.

The Jacksonville and Eagle Point High Schools rented the Medford Armory for the private skating party.

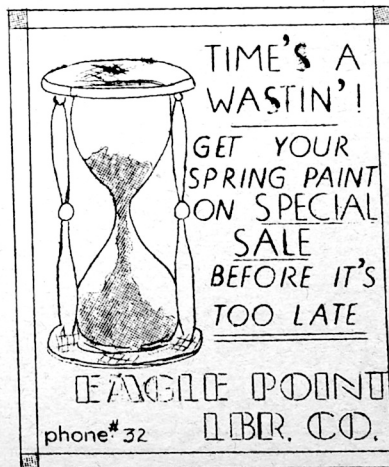

If you don't mention the fact that most of the Eagle Point students were beginners and that one girl sprained her ankle, we can say that we enjoyed ourselves very much.

LOCAL RESIDENT IN ACCIDENT

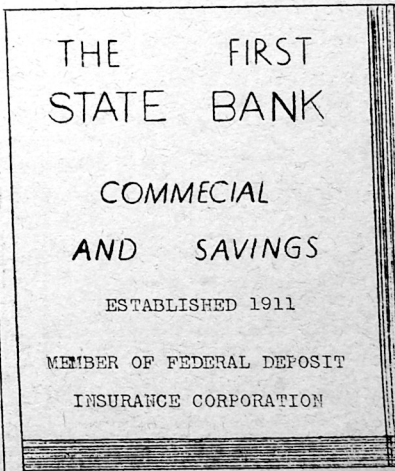

Mrs. Lottie Van Scoy was in an accident Wednesday, March 26, as the car driven by Mrs. Stanisburg of Ashland collided with another car at an intersection in downtown Portland. Although the car turned over, Mrs. Van Scoy escaped with a few minor bruises. Mrs. Weiles, another occupant of the car from Medford, and Mrs. Stanisburg were hurt badly but are getting along as well as can be expected.

FRESHMAN NEWS

We Freshmen say that, "we have made great progress, "as a class this year. But just how much progress has been made and by whom is it being made. Well let me tell you.

Progress is being made by those few (half a dozen) that have initiative, drive, energy, and just plain brains and common horse sense to do something.

Of course there will always be those few that always growl at every thing and tear down what others have built up. It reminds me of a farmer I once knew who said, "my son was sure a great mechanic. "Boy", he says, "that feller could sure take a plow all to pieces," "Yes, sir." He was a real mechanic but he couldn't put the plow back together again. If they can't have the main part in the plays or programs they won't have anything to do with it. No matter what is done it is not done right. Well, let this be a warning. Next time I'll name you, but you already know who I mean so-----

Let our motto be "Open co-operation with our mouths shut. Lets have some open cooperation that "is open".
